

Geography 360: Human Geography

Using your library research skills, find and read the readings assigned on the syllabus.

: Questions for Discussion:

Please write down some notes based on these questions and bring them to class for your small group discussion.

1. What kind of readings are these?
2. Are there **any** terms or facts you are not familiar with? Make a note of them and look them up if possible.
3. What is the subject of the reading? What is the main argument (thesis) of each reading?
4. How does the author support the argument? What kinds of evidence?
5. Evaluate the strength of the evidence. Does it effectively/convincingly support the author's point?
6. Do you agree/disagree with the authors' position(s)? Why?
7. How/why is each reading an example of human geography?
